COVID-19 SCENARIOS FOR STUDENTS LIVING IN OFF-CAMPUS HOUSING

Students may shift columns based on scenario developments.

1. I have SYMPTOMS OF COVID-19:
   - Stay off campus and isolate while awaiting test results.
   - Isolate for 10 days from the date of your test.
   - Answer calls regarding case investigation and contact tracing.
   - If your test is positive, follow the steps for positive test result.

2. You should isolate:
   - Follow guidance of your health care provider and case investigator.
   - If your test result is not from UHS or U-M, report your positive result here.
   - Assess if your living situation is appropriate for isolation.
   - Yes? Follow CDC guidance on how to protect others in your living environment.
   - If your living environment is not appropriate for isolation, move to isolation. Options include: return to permanent residence, U-M Q&I Housing (if space is available) or other.
   - To arrange U-M Q&I housing, call the coordination center at 734-936-2600. After 6 PM, remain at your residence, wear a mask and call Q&I Coordination Center the next morning after 10 a.m. to move to Q&I Housing.
   - Pack a “To Go Bag” with personal items.

3. Quarantine for a period of 10 days after last contact.
   - If symptoms develop, get tested at University Health Service.

4. I completed the quarantine period. If I do not have symptoms, I can return to my usual living environment and classes.

PAUSE

1. I have a POSITIVE COVID-19 TEST RESULT (within the last 10 days)**:
   - Students may shift columns based on scenario developments.
   - Follow guidance of UHS, Discuss whether your current living environment is suitable for isolation while awaiting test results.
   - Yes? Follow CDC guidance on how to protect others in your living environment.
   - If your test result is not from UHS or U-M, report your positive result here.
   - Assess if your living situation is appropriate for isolation.
   - Yes? Follow CDC guidance on how to protect others in your living environment.
   - If your living environment is not appropriate for isolation, move to isolation. Options include: return to permanent residence, U-M Q&I Housing (if space is available) or other.
   - To arrange U-M Q&I housing, call the coordination center at 734-936-2600. After 6 PM, remain at your residence, wear a mask and call Q&I Coordination Center the next morning after 10 a.m. to move to Q&I Housing.
   - Pack a “To Go Bag” with personal items.

ALL CLEAR

1. I am a CONFIRMED CLOSE CONTACT* of someone who has COVID-19:
   - Follow the guidance of the university's health service.
   - Review definition to see if you are a close contact.
   - If no, no further action is required for now.
   - Check out self-help tools from CAPS.
   - If yes, or you develop symptoms or your close contact* tests positive, get tested at University Health Service.

2. I am worried I have been exposed to someone who has COVID-19:
   - Review this definition to see if you are a close contact.
   - If no, no further action is required for now.
   - Check out self-help tools from CAPS.

3. I have SYMPTOMS OF COVID-19:
   - You should isolate.
   - If your test result is not from UHS or U-M, report your positive result here.
   - Assess if your living situation is appropriate for isolation.
   - Yes? Follow CDC guidance on how to protect others in your living environment.
   - If your living environment is not appropriate for isolation, move to isolation. Options include: return to permanent residence, U-M Q&I Housing (if space is available) or other.
   - To arrange U-M Q&I housing, call the coordination center at 734-936-2600. After 6 PM, remain at your residence, wear a mask and call Q&I Coordination Center the next morning after 10 a.m. to move to U-M isolation housing.
   - Pack a “To Go Bag” with personal items.

4. I completed the 10-day isolation period and can return to my usual living environment and activities as instructed by EHS or UHS in accordance with CDC guidelines.

COVID-19 SAFETY FIRST

Stay safe and healthy!

Students who can do so safely may choose to return to their permanent residence to isolate/quarantine there instead of on campus/Ann Arbor.

*within 6 feet of a case for a total of 15 minutes or more in 24-hour period as determined by a public health official.

**For those who are severely ill with COVID-19 infection or those who are severely immunocompromised, an extended duration of isolation for 20 days after symptom onset is recommended.
