COVID-19 SCENARIOS FOR STUDENTS LIVING IN OFF-CAMPUS HOUSING

All students should follow guidance from clinicians and public health officials.

**1** I have symptoms of COVID-19.

**2** You should isolate. Start University Health Service (UHS) assessment by completing the Upper Respiratory Infection and COVID-19 Assessment Tool or call (734) 764-8320 during business hours. Follow guidance of UHS. If after UHS business hours, contact DPSS Dispatch at (734) 763-1131 to arrange for U-M quarantine/isolation housing.

**3** Stay off campus and isolate while awaiting test results. Discuss with UHS whether your current living environment is suitable for quarantine.

**4** My test is negative: I can return to my room and classes, as long as I am not a close contact.

**1** I have had a positive COVID-19 test result (within the last 10 days)**.

**2** You should isolate. Follow guidance of UHS or your health care provider as well as Environment, Health and Safety (EHS). If after UHS business hours, contact DPSS Dispatch at (734) 763-1131 to arrange for U-M quarantine/isolation housing.

**3** Stay off campus and isolate for 10 days**. Answer calls regarding case investigation and contact tracing.

**4** I completed the 10-day isolation period and can return to my usual living environment and activities when released according to these CDC guidelines by EHS or UHS.

**1** I am a close contact* of someone who has COVID-19.

**2** You should quarantine. Start University Health Service (UHS) assessment by completing the Upper Respiratory Infection and COVID-19 Assessment Tool or call (734) 764-8320 during business hours. If after business hours, contact DPSS Dispatch at (734) 763-1131 to arrange for U-M quarantine/isolation housing.

**3** Stay off campus and quarantine for period of 14 days after last contact. If symptoms develop, start the UHS Upper Respiratory Infection and COVID-19 Assessment Tool or call UHS at (734) 764-8320 during business hours.

**4** I completed the 14-day quarantine period. If I do not have symptoms, I can return to my usual living environment and classes.

**1** I have been in close contact with someone who has identified as a close contact* of someone who has COVID-19.

**2** No further action is required unless you develop symptoms, or unless your close contact* tests positive for COVID-19.

**ALL CLEAR**

CampusBlueprint.umich.edu

*Within 6 feet for at least 15 minutes as determined by a public health official.

**For those who are severely ill with COVID-19 infection or those who are severely immunocompromised, an extended duration of isolation for 20 days after symptom onset is recommended.

Quarantine/Isolation note: Students may choose to return to their permanent residence to isolate there instead of on campus/Ann Arbor.
